

Ph.Ds Registered			Date of Registration
Name of the Candidate	Title of Thesis	Name of Supervisor / Co-Supervisor	
Mr.Purushottam Kumar Garg (Whole Time)	Assessment of variable response of Himalayan glaciers to climate change using geospatial techniques	Prof. A.S Jasrotia (Supervisor) Dr. Aparna Shukla (Co- Supervisor)	01.05.2015
Ms. Deepika Baru (Whole Time)	Impact of climate variability and land use change scenario on hydrological regime of different region of the J&K State using geospatial technologies	Prof. A.S Jasrotia	01.05.2015
Ms. Kuljit Kour (Whole Time)	Estimation of water budget components of different region of Jammu and Kashmir using satellite data and hydrological model	Prof. A.S Jasrotia	01.05.2015
Mr. Sadiq Ali (Whole Time)	Impact of Climate Change on Desertification status, Vulnerability and Adaption of Kargil Valley (Ladakh Himalaya) using Geospatial Techniques	Prof. A.S Jasrotia	1.05.2016
Ms. Bisma Yousuf (Whole Time)	Glaciological Investigation on Gangotri glacier, central Himalaya using a systematic geospatial approach	Prof. A.S Jasrotia Dr. Aparna Shukla (Co- Supervisor)	1.05.2017
Lt. Col. Rohit Malhotra (Part-Time)	Development of a framework for evaluation of vehicle specific trafficability using Remote Sensing and GIS techniques	Prof. A.S Jasrotia	1.05.2017
Mr. Pankaj Prashar (Whole Time)	Debris thickness variability and its relation with terrain parameters of Drang-Drung glacier, North Western Himalaya	Prof. A.S Jasrotia	01.11.2018
Mr. Suhail Ahmad (Whole Time)	Glacier dynamics and debris thickness variability of Drang-Drung and Pensi La glaciers, North Western Himalayas.	Prof. A.S Jasrotia Dr. Praveen K. Thakur (Co- Supervisor)	01.11.2019
Mr. Kamal Kumar Singh (Whole Time)	Development of a hydrological model to extrapolate the changes of climate and land use/land cover dynamics of Tawi catchment, western Himalayas.	Prof. A.S Jasrotia Dr. Praveen K. Thakur (Co- Supervisor)	01.11.2019
