Title: Internship Programme

M.Marks: 50

Practical: 50marks

Course Outcome:

The programme will help the students to:

- apply sociological knowledge to their field experience.
- critically understand and interpret social reality.
- develop skills, techniques and professional competencies.
- actively engage with the practical side of learning and, as a by-product, further improvement in the employability.
- explore the sociological issues in the society so that the theoretical learning can be supplemented by actual life experiences to generate solutions to the real-life problems.

It shall be a short-time internship of 15 days duration for job/professional training in a suitable organization or hands on training or activity-based course at college level in order to gain work experience.

All students will be required to undergo internships and shall make visits to any agency/organization/institution (viz., ICDS office, Anganwadi centres, CHC's, Schools, Orphanages, Destitute and Handicapped homes, industrial units, NGOs, etc.). Students will be provided with opportunities for internships with local industry, business organizations, health and allied areas.

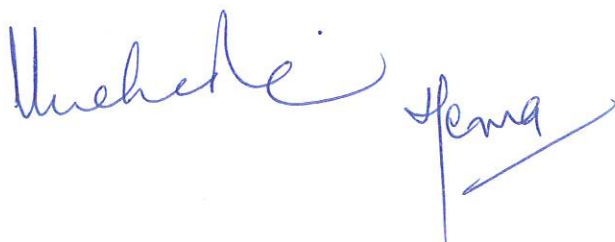

OR

The students will be required to involve in Community engagement and service.

OR

Field-based learning/minor project. The Field-based learning/minor project will attempt to provide opportunities for students to understand the different sociological issues. They would have the opportunity to gain and understand the different socio-economic problems in the community, and innovative practices required to generate solutions to the identified problems. This may be a summer term project.

The internship shall be under a college teacher who will be designated as internship supervisor. After completion of summer internship students will have to produce a report related to the work carried out.
