ABOUT THE DEPARTMENT OF BOTANY

Department of Botany (erstwhile Department of Biosciences), University of Jammu, an important centre of learning in plant sciences, offers post-graduate courses and avenues of research in basic and applied botany. In a short span of 20 years of its independent existence, the Department has excelled in various areas including ecology, mycology, cytology, cytogenetics, physiology, molecular biology, biosystematics, reproductive biology and plant pathology with the generous financial support from UGC-SAP I & II, DST (FIST) in addition to the support from CSIR, GBPIHED, MoEFCC, DST, DBT, FAO and other funding agencies. Alumni of the Department have carved out niches for themselves at national and international levels in fields of education, research and administration. To impart effective teaching and research, Department is equipped with subject oriented research and teaching laboratories, advanced instrumentation laboratories, botanical garden recognised by BGCI, seminar hall, internet facility, green and glass houses, mushroom polyhouse, library and herbarium-cum-museum.
