About the Club Cluster, University of Jammu

The University of Jammu has launched a cluster of 12 clubs, aligned with the vision of NEP 2020, to provide an informal platform to the students to manifest their hidden talents beyond the curriculum of the specific disciplines. These clubs are established with the intention of providing an extra space to the students to develop friendship and understanding amongst themselves. They will be able to display their hidden talent on this platform of entertainment. Holistic development of the students is the main motto behind the establishment of these clubs.

Following are the clubs:

1. Photography Club
2. Heritage and Tourism Club
3. Literary Club
4. Film Club
5. Theatre Club
6. Dance Club
7. Painting Club
8. Music Club
9. Translation Club
10. Nature and Wildlife Club
11. Community Service and Social Justice Club
12. Science Club

The students can join any number of clubs suited to their interest. Through their participation in these clubs the students can take their passion to profession.

In order to broaden the canvas of learning leading to a vibrant club culture, membership is also open to alumni of University of Jammu, teaching faculty, non-teaching staff, officers, and non-gazetted employees of the University.

We are looking forward to your active participation.
