UNIVERSITY HEALTH CENTRE

CIRCULAR

Subject: Anti-Mosquito Fogging Schedule & Vector-Borne Disease Advisory.

To prevent mosquito-borne illnesses (Dengue, Malaria, Chikungunya), an intensive thermal fogging drive is scheduled on university campuses:

Date	Location	Timings
07.11.2026 & 08.11.2026	New Campus (Departments, Offices) Hostels & Residential Quarters	8: 30 am to 10:30 am 8:30 am to 10:30 am
14.11.2026 & 15.11.2026	Residential Areas (Staff Quarters) Hostels and other areas	8:30 am to 10:30 am

Mandatory Guidelines for Campus Residents

1. Clear Stagnant Water: Inspect and empty water coolers, flower pots, trays, bird baths, and outdoor containers weekly. Stagnant clean water is the primary breeding source for *Aedes* mosquitoes.
2. Cover Water Storage: Ensure overhead tanks, and water buckets remain tightly sealed at all times.
3. During Fogging: Keep doors and windows closed during spraying and reopen after 20 minutes.
4. Personal Protection: Use mosquito repellents and screens; wear full-sleeved clothing during dawn and dusk.

All Residents and hostellers are requested to cooperate
