University of Jammu.

**Sub: Implementation of NISP.**

Dear Sir/ Madam,

No.SIIEDC/24/ 880-919

Dated: 14.06.2024

The **National Innovation and Start-up Policy (NISP)** of University of Jammu is designed to help students, research scholars, and faculty to develop skills, explore their innovation and entrepreneurship talents in the context of product/ service/ technology development. The policy is dedicated to provide scientific, technological, and managerial exposure to innovators, as well as assist them in conceptualising their ideas through work experience, hands-on learning, and an encouraging environment for start-up concepts. Its goal is to provide a hand-holding platform for creative minds to nurture their ideas, produce prototypes, and protect their intellectual property rights. Academically sound and technically trained faculty in diverse labs will support the Incubation, Start-up, and Entrepreneurship.

In pursuance to the approval of NISP by the university Council and the subsequent launch of this Policy in University of Jammu, the Skill Incubation Innovation Entrepreneurship Development Centre (SIIEDC) intends to initiate the process of implementing NISP. The first step in this direction is "Idea Generation" and SIIEDC invites all the novel ideas for launching new products, services, technology, process etc from the students, scholars and staff of University of Jammu for taking up new initiatives, which will subsequently help them in establishing a start-up. The proposals received will be scrutinized by a panel of experts and the potential proposals will be shortlisted for the next level. The last date for the submission of a proposal on a novel idea to initiate a start-up is 31<sup>st</sup> July, 2024

Thanking You

Yours sincerely

*Alka Sharma*

(Prof. Alka Sharma)
