

In a collaborative effort between the Kunwar Viyogi Memorial Trust, the Department of Dogri, and the Department of English, the 4th Kunwar Viyogi Memorial Lecture was held on September 25th, 2023. This significant event served as a convergence point for academia, industry leaders, and esteemed personalities to delve into the theme of "Success Mantra for The Digital Age." The lecture, a beacon of intellectual discourse, was delivered by none other than the esteemed Rajendra Singh Pawar, a Padma Bhushan awardee renowned for his contributions as the Chairman and Co-Founder of NIIT Ltd. and NIIT University. Mr. Pawar's address was a profound exploration of the nexus between academia and industry, elucidating the imperative of infusing technology into education while honoring the enduring significance of the human intellect amidst the digital revolution. Throughout his discourse, he underscored the pivotal role of technology in reshaping educational paradigms, advocating for its seamless integration to equip learners with the requisite skills and competencies demanded by the evolving landscape of the digital age. He articulated a vision wherein technology serves as an enabler, fostering innovation, collaboration, and lifelong learning. He eloquently emphasized the indispensable role of the human mind in navigating the complexities of the digital era, asserting that while technology augments our capabilities, it is the ingenuity, creativity, and critical thinking prowess of individuals that ultimately drive success and progress.

JU hosts 4th Annual Lecturer on "Success Mantra for the Digital Age
